Religious Education – The Big Question

Our Whole School Curriculum Intent

At Finlay, we aim to teach a broad and balanced curriculum that enables children to enjoy, achieve and succeed in line with the National Curriculum. We provide opportunities to develop the children's cultural capital and ensure they are life-long learners, who are ready for the next step of their education and to thrive in society. In addition to teaching the National Curriculum, we also aim for our children to leave school with a SMILE! Our SMILE values are: social awareness, mental health and wellbeing, independence, life skills and excellent aspirations. We provide opportunities to develop these values in all curriculum areas.

Our Religious Education (RE) Intent

At Finlay, we teach the National Curriculum. As stated in the Non-Statutory Guidance 2010 for teaching RE in English schools, the curriculum for a maintained school must be a balanced and broadly based one which 'promotes the spiritual, moral, cultural, mental and physical development of pupils and society, and prepares pupils for the opportunities, responsibilities and experiences of later life.'

In addition to this, we follow the Gloucestershire Agreed Syllabus for RE (2017-2025). The principal aim of Religious Education is to explore what people believe and what difference this makes to how they live, so that pupils can gain the knowledge, understanding and skills needed to handle questions raised by religion and belief, reflecting on their own ideas and ways of living.

We feel this ties in closely with our 'SMILE' values, as our pupils gain a better understanding of the local and wider community, they learn more about the world in which they live and how they can participate positively in our society, expressing their insights while respecting the ideas, beliefs and values of others.

Knowledge Organisers and Long-Term Plans

Knowledge organisers are used to identify the sequence of learning, key questions per lesson, sticky knowledge, connections and rapid recall information. They also identify key vocabulary. These should be glued in at the beginning of a unit of work. There is a sample of knowledge organisers for each year group included in this guide.

	Key Question	Sticky Knowledge
<p>Rapid Retrieval (Can I still recall)</p> <ul style="list-style-type: none"> Crosses are an important religious symbol. Baptisms are used in Christianity to welcome people into the Church. Prayer is used in many different religions: to say sorry, to say thank you and to ask for something. Special items for Jewish people: Mezuzah, Candlesticks, Challah bread, Challah board, Wine goblet, Kosher food, Star of David. In Christianity, the story of Genesis 1 explains that God created heaven and earth, plants, animals and people. He created the world in 6 days, and rested on the seventh. <p>Clever Connections:</p> <ul style="list-style-type: none"> Christians believe there is one God, and they worship their God. Muslims believe in one God, who is called Allah. Jewish people believe that God is one, and that it is important to love God. Many people believe that there is a creator of the world: Jews, Christians and Muslims Jesus is the messenger of God in Christianity. In Islam, Muhammad (PBUH) is the prophet; the messenger of Allah. In Year 1, we learnt about the Muslim baby naming ceremony: Aqiqah. This is where the Shahadah would be whispered in a baby's ear. People in faith communities often worship and pray. Prayer is one of the five pillars of Islam, and Muslims pray five times a day. <p>SMILE Values Social Awareness:</p> <ul style="list-style-type: none"> An understanding of the beliefs of Muslims. <p>Cultural Capital</p> <ul style="list-style-type: none"> Visit to the local Mosque/visit by an Imam. 	<p>Who do Muslims believe in?</p>	<ul style="list-style-type: none"> Muslims believe in Allah as the one true God. Allah is the word for God in Arabic. In Islam, the core belief is that there is only one God. This is called Tawhid.
	<p>What is the Shahadah and what does it tell us about Muslims' beliefs about God?</p>	<ul style="list-style-type: none"> This is the first of the five pillars of Islam. The Shahadah: There is no God but God; Muhammad is the messenger of God. The Shahadah is part of Muslims' daily prayers and also part of the Call to Prayer. These words are seen as the best first words for a baby to hear, and are whispered into their ear soon after they are born.
	<p>What are some of the 99 names of Allah and what do they mean?</p>	<ul style="list-style-type: none"> Muslims believe it is impossible to fully capture what God is like, so they use 99 Names for Allah to help them understand him better. 	<p>Who is the Prophet Muhammad?</p>	<ul style="list-style-type: none"> Prophet Muhammad was born in Mecca, in Saudi Arabia. The majority of Muslim scholars believe that the Prophet Muhammad was born on a Monday, the 12th of Rabee Al-Awaal (the third month of the Islamic calendar) Whenever Muslims mention the Prophet's name, they always follow with 'Peace and blessings be upon him/ PBUH'. Allah sent Prophet Muhammad as the last messenger to reach Islam to everyone. He sent down the Qur'an to the Prophet Muhammad through Angel Jibreel/Gabriel.
	<p>What does the story of 'The Tiny Ants' and 'The Camel' tell us about Muhammad and Islam?</p>	<ul style="list-style-type: none"> The Shahadah says that Muhammad is God's messenger. The stories of the Prophet Mohammad are very important in Islam. Muslims follow Allah but they learn a lot from the Prophet's example. The story of the tiny ants shows us that Muhammad cared for all Allah's creations. The Camel story shows us that Muhammad forbade cruelty to any animal, and cared for animals himself to show others how to do it.
	<p>How, where and when do Muslims read the Qur'an?</p>	<ul style="list-style-type: none"> The Qur'an is the holy book for Muslims and is written in Arabic. Muslims believe it is the perfect word of God. Muslims show respect for the Qur'an by washing their hands before touching it. When they aren't using it, it is often wrapped up in a special cloth and kept on a high shelf to show respect. It should never touch the floor and is placed on a special stand when being read. Many Muslims learn the Qur'an off by heart. The Qur'an teaches Muslims how to live a good life. During Ramadan, many Muslims will read the whole Qur'an.

Key Question	Sticky Knowledge
<p>What are the 5 Pillars of Islam and how do they help Muslims to live their life?</p> <p>Shahadah and Salah</p>	<ul style="list-style-type: none"> • Shahadah is the first pillar of Islam. • It is a declaration of faith. • Anyone who wishes to be a Muslim must say and believe in the Shahadah. • Muslims repeat the Shahadah every day in their prayer. What do Christians learn from the Creation Story? (Unit L2.1)

Focus: Christianity

Year: 3

Term: Autumn 1 – Lessons 1-6

Subject: RE

<p>Rapid Retrieval (Can I still recall)</p> <ul style="list-style-type: none"> God is special to Christians. Quite a few people believe that God created the whole world Christmas is special to Christians as this is the birth of baby Jesus. Christians believe God sent Jesus to Earth. Christians believe that Jesus was going to come as a King and rescue them from the Romans. This is known as the celebration of Palm Sunday. Christians celebrate Easter to remember Jesus dying on the cross and being resurrected. The Parable of the Lost Son teaches that God loves people, even when they go their own way. Luke 6:37-38 – Forgiveness: Jesus teaches his followers that God forgives them, but they need to forgive others too.
<p>Clever Connections:</p> <ul style="list-style-type: none"> Many people (e.g. Jews, Christians and Muslims) believe that there is a creator of the world: God. During Harvest Festival, and the time of Harvest, Christians traditionally thank God for Creation. School celebrations and Church celebrations show kindness through giving and sharing to those in need. In many religions, it is the view that God created the world. In Christianity, the bible teaches the importance of caring for others and the world in which we live. In the creation story (Genesis 1), Jewish and Christian believers believe that God is great, creative, and concerned with creation; that creation is important; that humans are important with it. In the story of Genesis, it highlights that humans are important but have a role as God's representatives on God's creation. Genesis 2:15 says that they are to care for it, as a gardener tends a garden. The Jewish idea of Tikkun Olam is of a similar idea and is focussed on repairing the world.
<p>SMILE Values</p> <p>Social Awareness:</p> <ul style="list-style-type: none"> An understanding of the beliefs of Christianity. An understanding of how Christians can care for the world and work with others to make it a better place. An understanding of how Christians and the Church support those who are less fortunate.

<p>What do Jews and Christians believe about the way in which the world was created?</p> <p>What does the story of Genesis 1:1-2:3 tell us about creation?</p>	<ul style="list-style-type: none"> Christians and Jews believe that God is the creator, and that he created the world. On Day 1, God created light and dark – he called the light day and the dark night. On Day 2, God created the sky. He used the sky to separate the water. On Day 3, God created land. He also created trees and plants. On Day 4, God created the sun, moon and stars, to separate the light from darkness. On Day 5, God created living creatures for the sky and sea On Day 6, God created many different animals. He also created human beings, who were responsible for looking after the animals. On Day 7, God rested – this became the holy day.
<p>Genesis 1:28-30</p>	<ul style="list-style-type: none"> On Day 6, God put Adam and Eve on the earth – the first man and woman. He gave them instructions to fill the earth with their offspring. He also told them to tend and care for all that he had created. God thought it was important that there were people to look after the world that he had created. Adam was the first human that God created out of the dust of the ground. God created Eve from one of Adam's ribs. God put Adam and Eve in the Garden of Eden to live. It was a blissful place.
<p>What was the temptation in the Garden of Eden?</p>	<ul style="list-style-type: none"> Adam only had to take care of the garden God told Adam he could do anything he wanted, apart from one thing. He must not eat the fruit from the Tree of the Knowledge of Good and Evil. Eve was tempted by the fruit on the beautiful tree as it looked good to eat. The serpent in the garden tricked Eve into eating the fruit from the special tree. She gave some to Adam and he ate it too. This was known as the original sin. God found out that Adam and Eve had disobeyed him and he banished them from the Garden of Eden and sent them into the harsh outside world. They had to work hard and faced many troubles.
<p>How do Christians say sorry to God?</p>	<ul style="list-style-type: none"> Christians believe it is important to say sorry to God when people sin. They believe that when people sin, they are separated from God, so need to have their separation repaired. Christians believe that Jesus was the 'Second Adam' who put right the relationship with God and died for the forgiveness of the world's sins. To cleanse your soul from sins, Christians believe you can: accept that Christ's death on the cross made up for the sins of mankind; confess their sins and ask for forgiveness; accept that God can cure the sin; be baptised.

To participate in the Eco Church Scheme, you need to indicate how your Church is caring for God's Earth in your worship and teaching, around your buildings and grounds, in your community engagement at local and global level, and in your personal lifestyles as Church members

Big Bang Theory of Creation

The Big Bang theory of creation is how astronomers explain the way the universe began. It is the idea that the universe began as just a single point, then expanded and stretched to grow as large as it is right now.

Clever Connections:

- The story of creation, and The Big Bang theory are often complimentary, as outlined by Pope Francis, in his Address at Inauguration: “When we read in Genesis the account of creation, we risk imagining that God was a magician. The beginning of the world... comes directly from God, who creates out of love. The Big Bang, which today is described as the origin of the world, does not contradict the divine act of creation; it requires it. Evolution in nature is not opposed to the ideas of Creation, because evolution is based on the creation of things that evolve.” – Pope Francis

Key Question	Sticky Knowledge		
<p>What does the story of Genesis 1:1-2:3 tell us about creation?</p>	<ul style="list-style-type: none"> • Christians and Jews believe that God is the creator, and that he created the world. • On Day 1, God created light and dark – he called the light day and the dark night. • On Day 2, God created the sky. He used the sky to separate the water. • On Day 3, God created land. He also created trees and plants. • On Day 4, God created the sun, moon and stars, to separate the light from darkness. • On Day 5, God created living creatures for the sky and sea • On Day 6, God created many different animals. He also created human beings, who were responsible for looking after the animals. God put Adam and Eve on the Earth – the first man and woman. He gave them instructions to fill the earth with their offspring and to tend and care for all that he had created. Adam and Eve lived in the Garden of Eden. • On Day 7, God rested – this became the holy day. 		
<p>What does the Scientific Account of cosmology tell us about creation?</p>	<ul style="list-style-type: none"> • According to the Standard Model (a theory of particles in physics), the Universe began almost 14 billion years ago. • It all started with a Big Bang. This describes the origin of matter, space, energy and time. • From this, the universe expanded faster than the speed of light. It expanded and cooled. • As space expanded, gravity began to pull the matter together. When these masses became big enough, galaxies of stars formed. Fusion reactions began, igniting stars. They exploded and the elements scattered. They condensed into solar systems forming new stars and planets. 		
<p>What does the theory of evolution tell us about creation?</p>	<ul style="list-style-type: none"> • The origin of life is still not well understood. About three and a half billion years ago, the first self-replicating cells emerged. These were able to make copies of themselves and survive. They were very simple. Some changes took place over time in these and more complex creatures resulted. <p>3,000 million years ago: Cyanobacteria – blue/green algae 1,200 million years ago: Multicellular organisms 230-65 million years ago: dinosaurs 200,000 years ago: Modern humans</p>		
<p>How can the story of Genesis be interpreted differently?</p>	<p>• Genesis can be viewed differently by Christians. Here are two different views:</p>		<p>View 2: God created the world from nothing, but not in six days. Genesis 1 shows God's power but not his methods.</p>
	<p>Belief 1: Genesis 1 is historically accurate: God really did create the world in 6 days</p>	<p>How I interpret Genesis 1</p>	
	<p>I interpret Genesis literally. 'Morning and Evening' really does mean a 24 hour day. Where it says God spoke and make the sun, moon and stars, that's what happened.</p>	<p>My View of Science</p>

<p>What are Christian views on Religion and Science?</p> <p><small>Dr Jennifer Wiseman – Senior Astrophysicist; The Clergy Letter Project; Pope Francis</small></p>	<ul style="list-style-type: none"> • “Science is not a tool for proving or disproving God. If one does have eyes of faith, one can look at the same things we see in the universe and infer some characteristics of God. There are hundreds of billions of galaxies and hundreds of billions of stars in each. The God that I continue to believe in has been working for a long time sculpting the universe through magnificent laws and dynamics of nature.” – Dr Wiseman • “The majority of Christians do not read the Bible <i>literally</i>, as they would a Science textbook. Religious truth is different from scientific truth. We believe that the theory of evolution is a foundational scientific truth, one that has stood up to scrutiny. We ask that science remain science, and that religion remain religion – two very different, but complimentary forms of truth.” – The Clergy Letter Project • “Many Christians are Scientists. Many people have a faith and accept the findings of modern science. Many look for the answer to life's questions in both religion and science, finding them complementary worldviews.” – Manchester Anglicans • “When we read in Genesis the account of creation, we risk imagining that God was a magician.
